

## H.S. ATHLETES M. U.'S GUESTS TWICE A YEAR

Several Hundred Participate in Basket Tourney and Track and Field Meet Staged by University.

### MANY RECORDS BROKEN

Monett, K. C. Central, and Kemper Win Honors in 1922 Meet—Central Five Wins Tourney.

High school athletes of Missouri are guests of the athletic department of the University of Missouri twice each year, and hundreds of the best athletes of the state get their first glimpse of the University while here participating in the basketball tournament or the track and field meet.

The nineteenth annual interscholastic track and field meet, which was held on Rollins Field May 6 of this year, brought in several stars of the first magnitude from different Missouri high schools, and proved to be one of the most successful meets ever held. Monett won the meet in Division I, Kansas City Central High School captured the major honors in Division II and Kemper Military School took first place in Division III. Several new marks were set and new names were added to the High School Day Hall of Fame for noteworthy records made on Rollins Field.

A list of those who have won places in the hall of fame is as follows:

Farrell of Kemper Military School—because in 1922 he threw the javelin 154 feet for a high school record.

Kemper relay team of 1922—because it ran the half-mile relay race in the fast time of 1:23 2-5.

W. Congdon of Kansas City Manual—because in 1922 he ran the 880-yard run in 2:1 3-5, lowering Maurice Moulder's mark of 2:02 flat in 1921.

W. J. Wyatt of Wentworth—because in 1908 he ran the 100 yards in 10 flat and 220 in 22 1-4 seconds—records which still stand.

Allen Lincoln of Webster Groves—because in 1919 he won the 100-yard dash in 10 1-5 seconds, the 220 in 23 seconds, the broad jump with a leap of 20 feet, 4 inches, and the discus with 113 feet.

Robert L. Simpson of Bosworth—because in 1913 he won the 100-yard dash in 10 1-5 seconds, the high jump with a leap of 5 feet, 9 1-2 inches, and the broad jump with 22 feet, 1 3-4 inches.

Brutus Hamilton of Harrisonville—because in 1918 he did the following per-

Among the tackles of the Missouri Valley none were more feared than Herbert Blumer, who captained the University of Missouri eleven last fall.

formances: shot, 45 feet, 3 inches; broad jump, 21 feet, 3 inches; high jump, 5 feet, 10 inches; pole vault, 11 feet, 6 inches.

Dingey Marshall of Kansas City Manual—because in 1916 he put the shot 48 feet, 3 inches and threw the discus 117 feet, 10 inches.

Lawrence Winn of Kansas City Central—because in 1914 he won the high hurdles in 16 1-5 seconds and the low hurdles in 26 flat.

Harry Waggy of Bosworth—because in 1921 he ran the high hurdles in 15 4-5 seconds, the low hurdles in 25 3-5 seconds, and high jump 5 feet, 7 inches.

F. Weldon of Kemper Military School—because in 1921 he won the 100-yard dash in 10 1-5 seconds, the 220 in 22 3-5 seconds, the 440 in 51 2-5 seconds, and then ran anchor on the relay.

Maurice Moulder of Kansas City Manual—because in 1921 he broke the long standing record in the half-mile, doing it in 2:02 flat.

Emerson Norton of Kansas City Manual—because he has done the following performances here: high jump, 6 feet, one-fourth inch; pole vault, 11 feet;

### Even Oklahoma Requires Education.

OKLAHOMA CITY, Okla., May 20.—Clerks of school boards in Oklahoma must be able to read and write, George F. Short, attorney-general ruled today. The question came up during an election in a small district in the southern part of the state.

broad jump, 20 feet, 4 inches; discus, 119 feet, 4 inches; shot, 47 feet, 2 inches.

Don Latapkin of Kansas City Manual because in 1921 he won the pole vault at 11 feet, 8 1-4 inches.

**CENTRAL WINS BASKET TOURNAY**  
Central High School of Kansas City won its third basketball championship of the University here in March, defeating Fayette 65 to 8 in the final contest. Central defeated Northeast High of Kansas City in the semi-finals 28 to 24, in the feature game of the tournament. Mexico was defeated by Fayette in the semi-finals of Division I by a 33 to 26 score. More than 200 high school basketball players were represented at the tournament. The Central five also gained possession of a large silver cup, which is given the winner of the tourney each year.

### HAMILTON COMPETES LAST TIME ON ROLLINS FIELD

Tiger Captain and Star Will Likely Represent M. U. in Three More Track Meets.

Brutus Hamilton, Tiger track captain and premier all-around track athlete of the country, competed his last time for the University of Missouri on Rollins Field, this afternoon in the dual meet with the Jayhawkers of the University of Kansas. Hamilton will most likely represent the Show-Me state institution in three more track and field meets this year. He is expected to compete at Lawrence, Kan., in the Missouri Valley Conference meet next Friday and Saturday, at the Western conference meet in Chicago June 2 and 3, and at the National Intercollegiate meet later in June.

Hamilton, who hails from Harrisonville, Mo., holds a place in the hearts of Missouri fans that will not be easily supplanted. In three years of competition he has won signal honors for himself and the University. His record equals that of Bob Simpson, Tiger track coach, who will always be remembered as one of the world's leading hurdlers.

The American decathlon record, victories at the Olympic games at Antwerp, and a record of a leading point scorer in the Valley are a small part of Hamilton's success during his three years of valley competition.

Besides his reputation on the track and field, Brutus won his spurs on the 1921 football team, holding down an end position in good shape. In making a name for himself as an athlete, Hamilton has not slighted his academic career, for which his scholastic standing will testify.

### HE'S A TIGER STAR IN 4 MAJOR SPORTS

Herbert Bunker, picked by many critics for the All-Alley basketball team, captain of the 1922 football squad, a dependable man in track and baseball.

### Minor Sports Prove Popular.

Golf and tennis are among the most popular minor sports at the University of Missouri. The University has an excellent nine hole golf course that is open to all students paying a registration fee of \$1.50 and more than one dozen tennis courts are available to students. Tournaments in both sports are staged each year and cups awarded winners. Other minor sports that are on the athletic program for students are wrestling and boxing.

### Missouri Shuts Out Washington.

Washington letters were baffled by the twirling of Joe Ficklin, and Missouri won the second game with the Pikers yesterday, 3 to 0.

## CHANCES ARE EXCELLENT IN ATHLETIC WAY

Athletic Director Says All Students Get Opportunity to Participate in Sport Events.

### TIGER RECORD IS GOOD

Teams in All Branches Have Captured Large Number of Valley Championships.

By Z. C. CLEVELAND  
(Director of Athletics).

Anyone interested in athletics can have the opportunity of participating at the University of Missouri whether he has ever competed any in high school or not. Sometimes it is the men who have not spent their athletic ability before coming to the University that develop into the great stars. On the other hand many of our greatest athletes have been those who have had splendid records before entering Missouri. The opportunity is here for any young man, who with ability, either developed or latent, and who has ambitions, to win honors for himself in the athletic world.

A young man who expects to represent his institution on its varsity teams must have a good foundation upon which to build, both mentally and physically. The competition is keen so that those who would stand out prominently must necessarily be unusual men. The body must be preserved and its energies not all dissipated by overexertion in early youth. When the big university tests come, all the power that can be mustered together will be required if the issues are met successfully. The members of the opposing teams will be trained to the minute and will have their full strength at its highest efficiency. The victory will go to those who have the keenest wits, the best physical development, and the greatest staying powers.

### ATHLETES MUST BE STUDENTS

A man to represent Missouri on any varsity team must have been in residence one full year and have completed at least 27 hours of school work. This means that no man can compete in athletics unless he is a successful student. He must be good enough in his school work to pass or he cannot have the privilege of representing the University in athletics. There is no place on the teams for poor and indolent students.

It is not necessary for students to do poor school work on account of athletics. It is very true that training and working on teams does require more or less time and energy, but some of the

### HE'S ONE OF TIGERS' GREATEST ATHLETES

Chuck Lewis, Tiger football captain in 1920, and star quarterback, punter, open field runner for three seasons, who made the All-Alley team two years in succession.

Missouri athletes stand at the very top in scholarship. There were two Phi Beta Kappa men graduating this year who won great honors for the Tigers in athletics. George Massengale was a member of the last Olympic Team, and Herbert Blumer, captain of last fall's football team, was All Valley Tackle. Both of these men were elected to the highest scholarship fraternity in the country. Brutus Hamilton, an athlete of world renown, has also been an unusual student. Herbert Bunker, who will captain the football team next fall, has not only made a great record for himself and the Tigers in athletics but has worked a good part of his way through school, and is in line for the greatest scholastic honors the University can bestow. He will most assuredly be elected to Phi Beta Kappa.

Missouri trains her freshmen athletes throughout their first year in order that they may be ready for varsity service when they become eligible. Freshmen coaches are employed and equipment is furnished for all who wish to try out. Careful attention is given to all freshmen teams because it is from them that the varsity teams must be built each succeeding year. Many men come out

# WASHINGTON UNIVERSITY SAINT LOUIS

Washington University is one of the largest and best equipped urban Universities in the Middle West. Situated in St. Louis, adjoining Forest Park, it combines suburban location with the social, musical and artistic advantages of a large city. The main campus of 160 acres includes a number of commodious buildings, praised by the British Educational Commission as the finest group of college buildings in the United States. Completely furnished dormitories for men and women are located on the campus. The libraries contain over 170,000 volumes and manuscripts.

The faculties consist of specialists, who not only train for research, but also maintain an individual teaching contact with their students. The urban location of Washington University makes it possible for all departments of the University to be centralized in one city. Whatever course a student may select, the entire facilities of the University are at his disposal. The University is divided into the following departments:

**COLLEGE OF LIBERAL ARTS**—This includes the academic courses, leading to the degrees of A. B. and B. S. Large, thoroughly equipped laboratories. Separate buildings for physics, chemistry, etc. Student activities tend to develop those qualities of leadership which make for success in later life.

**SCHOOL OF ENGINEERING**—Courses leading to the degree of B. S. in Electrical Engineering, Mechanical Engineering, Civil Engineering and Chemical Engineering. Unusually complete laboratory equipment. Opportunities are offered for special research and advanced work.

**SCHOOL OF ARCHITECTURE**—A thorough course of study which gives the student a complete grasp of both the practical and artistic phases of the subject. Two and four year courses in both Architecture and Architectural Engineering.

**SCHOOL OF MEDICINE**—Large, completely equipped buildings, in what is rapidly becoming the medical and hospital center of the United States. Unusual opportunities are offered, both to undergraduate students and to practicing physicians who desire to take special graduate work. **THE TRAINING SCHOOL FOR NURSES** offers a three year course in nursing, including special work in Social Service, Public Welfare Work, etc.

**SCHOOL OF DENTISTRY**—One of the oldest dental schools

in the United States, with a splendid, modern equipment for teaching dentistry. Four year course, embracing every branch of dental surgery and oral prosthetics. One year of prescribed college work required for admission. Unusually large clinic.

**SCHOOL OF LAW**—The law school is on the main campus, which permits students to take related courses, should they so desire. All professors give full time to their work. Complete and valuable law library embracing over 20,000 volumes.

**SCHOOL OF FINE ARTS**—Instruction in all branches of drawing, painting, sculpture and applied art. The buildings are exceedingly well adapted for their purpose. The City Art Museum is within eight minutes' walk of the school.

**SCHOOL OF COMMERCE AND FINANCE**—The purpose of this school is to give a thorough and scientific training in the fundamental principles of business organization and administration. The course leads to the degree of B. S. in Commerce.

**HENRY SHAW SCHOOL OF BOTANY**—Graduate work in botany is provided. Shaw's Garden (Missouri's Botanical Garden), one of the largest botanical gardens in the world, provides extensive and unusual facilities for research work.

**GRADUATE SCHOOL**—Graduate work leading to the degree of Master of Arts, Doctor of Philosophy, Master of Science, Master of Architecture and Master of Science in Commerce.

**DIVISION OF UNIVERSITY EXTENSION**—Provides Evening, Afternoon and Saturday Courses in College Studies, Business, Engineering, Architecture, Home Economics, and Secretarial Studies, for men and women employed during the day who wish to improve their educational, professional, or business equipment.
